

## HOT NEW RELEASE!

**"MA YEMA" – Spellbinding music by Malou Berg**

**Album release date: October 21, 2016**

We live in a fast-paced era of consumption and high demands. In this world of constant motion, it is easy to feel overwhelmed and forget to listen to our need for inner peace and contemplation. **Malou Berg's** new album **MA YEMA** is the perfect companion to lead you back to that healing place of tranquility. If you have ever wondered how it feels to be one with yourself and the world **MA YEMA** is the answer.

**MA YEMA** is the sixth album in Malou Berg's "Pleiadian Suite", which all have themes based on five elements; earth, air, water, fire and ether. **MA YEMA** represents fire, warmth and energy. The music, the arrangements and vocals are impressively colorful and strong, making artists like Enya and Sarah Brightman pale in comparison.

**MA YEMA** is a work of art, a journey beyond time that reflects and embraces the most intimate and tender within us. With her beautiful and expressive voice Malou Berg dresses her music with stories in an imaginary but beautiful and universal language that seems to speak to us all. Let **MA YEMA** lead you to a place where your soul and mind may breathe and find peace. Seize the music...
